RE: Green Container for Yard Waste

Effective as of July 1, 2013 it will be mandatory by the new regulations of the State of California for all the residents of the City of Orange Cove to have a green can for yard waste. This means that you will now have a black can for garbage, a blue can for recycling and a green can for yard waste. When you receive your green can, delivered by Pena's Disposal, you will also receive information on the day of your service and what is acceptable to place inside. By providing a green can, you will no longer have to bundle your yard waste or purchase one separately. This will allow for a cleaner area for our city.

Additionally with the green can, you will be provided two annual clean-ups: one in May and one in September. As a result of this State mandated regulation, the residential garbage/refuse fee will be increased by \$4.62 on your current residential rate of \$15.80. The new rate of \$20.42 was approved by City Council during a regular Council Meeting on April 10, 2013. If the green can is damaged as a result of negligent misuse or abuse, the resident will be charged \$42.25 for a replacement can.

The City of Orange Cove has tried to maintain the lowest rates for garbage for the last 18 years. Your appreciation and cooperation to abide by this new regulation would be greatly appreciated. If you have questions or concerns, please feel free to call City Hall at (559) 626- 4488.

The following is a schedule for Commercial Bins Rates effective July 1, 2013 for all commercial accounts depending on number of services per week.

	X's per Week				
	1	2	3	4	5
Current Rates					
3 Yard Container	\$ 70.02	\$122.00	\$153.75	\$205.27	\$255.25
New Rate					
JULY 1, 2013					
3 Yard Container	\$ 83.57	\$166.01	\$183.66	\$232.35	\$287.53
