The following is provided to place everyone on notice of the rules of decorum and enforcement.

GENERAL RULES OF DECORUM

While any meeting of the City Council is in session, the following rules of decorum shall be observed:

- 1. All remarks shall be addressed to the City Council as a whole and not to any single member, unless in response to a question from a member of the City Council.

Members of the City Council shall wait until a person completes his or her public comments before asking questions or commenting. The Mayor shall then ask Councilmembers if they have comments or questions.

The Mayor or other presiding officer shall request that a person who is breaching the rules of decorum cease such conduct. If after receiving such a warning, the person persists in breaching the rules of decorum, the Mayor or other presiding officer may order the person to leave the City Council meeting. If such person does not leave, the Mayor or presiding officer may request any law enforcement officer who is on duty at the meeting as sergeant-at-arms to remove the person from the Council Chambers. In the event there is no one from law enforcement present, the Mayor or presiding officer may direct the City Manager to contact law enforcement.

Council to approve agreement with Fresno County Sheriff's Department for dispatching services.

Background:

In 2013 we began to utilize the Sheriff's Department Dispatching Unit to answer calls for police services in the City of Orange Cove. Prior to that the City had its own dispatchers. We contracted with the Sheriff's Department because it was more cost efficient and provided service that would keep our officers safe since they now would be on a radio channel where we could obtain assistance faster in an emergency.

Several of the other small cities in the county also utilize the Sheriff's Department. The cost for the service is based on a fee times the number of residents in the city as determined by State Department of Finance certified population (Orange Cove City estimate as of January 1, 2019 is 9,975).

Fresno County Board increased the Master Fee Rates on December 1, 2019.

Monthly Charge for FY 2019-20 (July 1, 2019 – June 30, 2020) (hereinafter the "2019-2020 Monthly Charge") is split, due to COUNTY Board's late approval of Master Schedule of Fees (MSF) on October 22, 2019, and reflects the new MSF rates effective December 1, 2019 for the following:

The methodology to calculate these amounts is as follows:

(July 1, 2019 – November 30, 2019)

Per-resident charge = \$14.79 (100% of \$14.79 per resident)

Number of residents in CITY (as determined by State Department of Finance certified population estimate as of January 1, 2019) = 9,975

2019-2020 Monthly Charge = (\$14.79/resident x 9,975 residents)/12 months =

\$12,294.19/month

(December 1, 2019 - June 30, 2020)

Per-resident charge = \$15.49 (100% of \$15.49 per resident)

Number of residents in CITY (as determined by State Department of Finance certified population estimate as of January 1, 2019) = 9,975

2019-2020 Monthly Charge = (\$15.49/resident x 9,975 residents)/12 months = \$12,876.06/month

The monthly charge during the rest of the term following the end of FY 2019-20 (July 1, 2019 – June 30, 2020) (after the current rates above) will be determined upon approval of the MSF rate, as set forth in the COUNTY's Master Schedule of Fees, Charges, and Recovered Costs, and total number of residents in CITY of that year for the term of this Agreement.

Fiscal Impact:

The cost for dispatch services is an increase of \$6984 per year.

AGREEMENT

THIS AGREEMENT is made and entered into this ____ day of May, 2020, by and between the COUNTY OF FRESNO, a Political Subdivision of the State of California, hereinafter referred to as "COUNTY", and CITY OF ORANGE COVE, a City, whose address is 633 Sixth Street, Orange Cove, CA 93646, hereinafter referred to as "CITY". WHEREAS, COUNTY has provided these services to CITY through its Sheriff's Office or its designee ("Sheriff's Office") since September of 2013;

WHEREAS, COUNTY, through its Sheriff's Office, can continue rendering such services to CITY;
WHEREAS, County Agreement Number 19-026, the current agreement between CITY and

WHEREAS, COUNTY agrees to render such law enforcement dispatch services/9-1-1 answering responsibilities for CITY within the CITY's boundaries, according to the terms and conditions hereinafter set forth, and CITY agrees to pay COUNTY the cost of performing such services at the rates and under the terms and conditions herein set forth.

NOW, THEREFORE, in consideration of the mutual covenants, terms and conditions herein contained, the parties hereto agree as follows:

1. SERVICES PROVIDED BY COUNTY

cover the computer priority system, uniformity of dispositions, and radio language and discipline, as set forth in Exhibit A, attached hereto and incorporated herein by this reference, for the term of this Agreement, which shall be for a period of three (3) years, commencing on July 1, 2019, through and including June 30, 2022. This Agreement may be extended for two (2) additional consecutive twelve (12) month periods upon written approval of both parties no later than thirty (30) days prior to the first day of the next twelve (12) month extension period. COUNTY agrees, through its Sheriff's Office, to receive phone calls at the Sheriff's Office's communications center for requests to dispatch CITY's police department personnel for the purpose of providing law enforcement services. The Sheriff's Office shall dispatch CITY's police department personnel in response to such requests. The dispatching services provided for under this Agreement do not include, and the Sheriff's Office will not be responsible for providing, any dispatch services for requests for emergency medical services or fire suppression services. Phone calls the Sheriff's Office receives requesting emergency medical services or fire suppression services within CITY boundaries shall be transferred to the emergency medical services dispatching center.

- B. The rendition of contract services, the standards of performance, the discipline of officers, and other matters incident to the performance of such services and the control of personnel so employed, shall remain with COUNTY. In the event of dispute between the parties as to the extent and duties and functions to be rendered under this Agreement, or the minimum level or manner of such performance of such services, the determination made by COUNTY shall be final and conclusive.
- C. The performance of law enforcement dispatch/9-1-1 answering responsibilities for CITY by COUNTY Sheriff's Office including the standards of performance, the discipline of officers, and all other matters incident to the performance of law enforcement services and the control of law enforcement personnel, shall be the right and responsibility of COUNTY. In the case of a dispute between the Parties as to the extent, duties, or functions to be rendered under this Agreement, or the minimum level or manner of such performance of such services, the determination made by the COUNTY, through its Sheriff's Office, shall be final and conclusive.

D. Because the Agreement is effective retroactive to July 1, 2019, any services that have been performed since July 1, 2019, prior to the execution of this Agreement, are hereby approved and ratified by the parties.

2. OBLIGATIONS OF THE CITY

- A. CITY agrees to convert the radios in its police vehicles to such frequencies as required by the Sheriff's Office's communications system. CITY shall also place radios in its police vehicles that have a primary and secondary channeling ability, as determined by the Sheriff's Office, for the purpose of ensuring reasonable communications backup.
- B. CITY shall have its police personnel use such alpha-numerical identifier system as determined by the Sheriff's Office, and CITY assumes responsibility for keeping the Sheriff's Office communications system secure, as required by law.
- C. CITY agrees that its personnel shall comply with the Sheriff's Office radio procedures, and that it shall hold its employees accountable for failing to comply with such radio procedures.
- D. CITY shall timely pay COUNTY for services rendered under this Agreement.

The COUNTY Sheriff or her or his designee ("Sheriff") is authorized to execute such written approval on behalf of COUNTY based on CITY's satisfactory performance of its obligations hereunder.

4. TERMINATION

A. <u>Non-Allocation of Funds</u> - The terms of this Agreement, and the services to be provided hereunder, are contingent on the approval of funds by the appropriating government agency of COUNTY. Should sufficient funds not be allocated, the services provided may be modified, or this

Any payment made more than 30 days after receipt of an invoice may result in contract termination or service reduction, in the sole discretion of the Sheriff's Office, without any penalty or recourse against COUNTY.

ENGINEER'S REPORT

TO: CITY MANAGER

FROM: ALFONSO MANRIQUE, PE

AM CONSULTING ENGINEERS, INC.

SUBJECT: PROJECT PROGRESS UPDATE

DATE: MAY 5, 2020

This Engineer's Report provides an update on the progress made on the various projects since April 14, 2020 that we are currently working on:

1. Site Plan Reviews

a. Pizza Parlor

The Applicant submitted revised grading and utility plans April 20th. AMCE is currently reviewing the revised plans and will provide a response back to the Applicant by May 8th.

2. FHWA Projects

a. Adams Avenue Reconstruction (Between Friant Kern Canal to South Hills Valley Road and Between Center Avenue to 4th Street).

AJ Excavation began construction of this project on May 4th. AJ Excavation estimates that the project will be complete by the beginning of July.

b. D Street Sidewalks

AMCE submitted the Request for Authorization for Construction to Caltrans on May 1st. It typically takes a few months for Caltrans to approve the Request. Once approved, the City can go out to bid.

3. Water Enterprise

a. Friant Kern Canal Shut Down

Cal Valley Construction began construction of the Water Storage Basin and HDPE Liner Project on May 4th. Cal Valley Construction estimates that the project will be complete by the beginning of September.

The bid opening for the Temporary Cofferdam, Pump Station, and Piping on Friant-Kern Canal Project took place on April 23rd. One bid was received by Floyd Johnston Construction for \$244,250. The bid included a bid alternative to purchase the diesel-powered trailer mounted pump for \$75,000, instead of renting the pump for the three-month period. AMCE is recommending that City Council award the project to Floyd Johnston Construction for \$309,250, which would include the purchase of the pump.

b. Water Treatment Plant Improvements

AMCE was informed by Sally Tripp that the USDA will not be not receiving a significant amount of grant funding for the entire state this fiscal year; therefore, the maximum amount of grant funding the City would be eligible to receive from USDA would be \$1 million. With the \$5 million grant from the SWRCB, the total grant amount available would be \$6 million. The USDA recommends splitting the project into two phases and requesting grant funding for the second phase after funding for the first phase has been approved.

After discussing the project with the Public Works Superintendent, AMCE is recommending that the project be split into two phase and that the USDA PER and DWSRF application be revised to reflect the revised scope. AMCE estimates that Phase 1 of the Project will cost approximately \$6,935,500, which includes \$1,067,000 in contingency. Phase 2 of the Project will cost approximately \$4,121,000, which includes \$634,000 in contingency.

c. Water Supply Reliability Project

No update.

The SWRCB is waiting on a copy of the City's FY 18-19 audited financial statements and water rate study.

4. EDA Off-site Improvements at Northwest Corner of Park Blvd and Anchor Ave

The City's application is currently undergoing Supervisory Review, with legal review to follow. Once fully reviewed, the EDA will then have to wait for the grant to be announced, which can take one to two months. Once announced, the EDA will be able to send the award to the City.

5. San Joaquin Valley Air Pollution Control District Grant

No Update.

6. Amaya Housing Project

AMCE revised the scope of work that relates to the construction of sidewalk and bike trails improvements. The Pacific Companies has sent the revised scope to HCD for approval. AMCE will be preparing a staff report to update City Council on the revisions made to the project scope.

7. <u>City Hall Parking Lot and Sixth Street Sidewalk Improvements</u>

The bid opening for this project took place on April 16th. A total of 11 bids were received and the lowest total bid was submitted Central Valley Asphalt in the amount of \$172,265. AMCE has reviewed the bid and is recommending that City Council award the project to Central Valley Asphalt. AMCE is also recommending that City Council approve a contingency amount of \$25,840, which is 15% of construction costs. Construction costs for this project will be covered by SB1 funds.

8. CMAQ Application – Fresno COG

The CMAQ scoring committee will be meeting this week to score the projects.

9. Local Early Action Planning Grant Application

AMCE met with Ray Hoak to develop a scope of work for the application. AMCE will begin preparing the application, which is due July 1, 2020.

10.2020 CDBG Application

California Consulting is currently working on preparing the City's "over the counter" CDBG application.

Fiscal Update

The COVID-19 Pandemic and California's Budget Outlook

The COVID-19 pandemic has caused enormous hardship for families, businesses and governments across the world, the United States, and California. It has endangered health, stressed the health care system, and caused devastating losses in family and business income.

COVID-19 has caused a national recession, a precipitous decline in income, rapidly rising health and human services caseloads and substantial COVID-19 driven costs. This update reflects the Department of Finance's May Revision forecast, and underscores the necessity of further federal stimulus to help states and local governments support an effective response to COVID-19, a timely and fact-based modification of the stay-at-home order, and a safe, expedited economic recovery.

California's Pre-Pandemic Budget and Economy

California began 2020 with a strong bill of financial health—a strong economy, historic reserves, and a structurally balanced budget.

- The unemployment rate (3.9 percent) was one-third of its Great Recession peak (12.3 percent).
- The "Wall of Debt" (past budgetary borrowing) was eliminated, and supplemental payments were made to retirement obligations.
- The 2020-21 Governor's budget reflected a \$5.6 billion surplus.
- The budget reflected a record level of reserves: \$21 billion in FY 2020-21, including \$18 billion projected in the state's Rainy Day Fund.
- Revenues through March ran \$1.35 billion above January's projections, as markets outperformed the budget forecast.

COVID-19 Recession

The rapid onset of the COVID-19 pandemic has had an immediate and severe impact on the global, national, and state economies. In California, COVID-19 has led to the following:

- In the last one-week reporting period, nearly 478,000 claims were filed in California for state and federal unemployment benefits. Since mid-March, more than 4.2 million claims have been filed.
- Job losses that have occurred disproportionately in the lower-wage sectors of the economy—amplifying the wage disparity that existed before the pandemic.
- Finance projects that the 2020 unemployment rate will be 18 percent, a much higher rate than during the Great Recession.

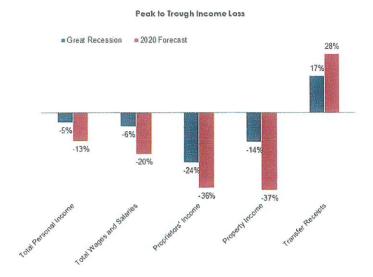

The May Revision economic forecast reflects that COVID-19 impacts will continue to cause economic losses in 2020:

- California personal income is projected to fall by nearly 9 percent on an annual basis in 2020.
- Permits for new housing construction, a key economic indicator, are forecast to drop by more than 21 percent this year.

How This Compares To Past Downturns

The widespread economic interruption caused by the global pandemic is unprecedented in modern history. The chart below provides some perspective on how different components of personal income are projected to fall in 2020 compared to the Great Recession. Income from transfer payments, unemployment insurance, and other social safety net programs are projected to increase at a faster rate.

The May Revision forecast projects that the impact of these economic losses will be disproportionately borne by low- and middle-income Californians. This is particularly concerning as state median income did not return to the pre-Great Recession level until 2018.

Impact on Revenues

Job losses and business closures will sharply reduce state revenues. Compared to the January forecast, the state's three main General Fund revenue sources are projected to drop for the 2020-21 fiscal year as follows:

- Personal Income Tax: -25.5 percent.
- Sales and Use Tax: -27.2 percent.
- Corporation Tax: -22.7 percent.

Specifically, Finance projects that General Fund revenues will decline by \$41.2 billion below January projections, as follows:

- 2018-19: +\$0.7 billion
- 2019-20: -\$9.7 billion
- 2020-21: -\$32.2 billion

Under Proposition 98's constitutional calculation, this revenue decline results in a lower required funding level by \$18.3 billion General Fund for K-12 schools and community colleges.

Large Budget Deficit, Plus Ongoing Structural Deficits, Are Projected

The Revenue declines enumerated above (\$41.2 billion), combined with \$7.1 billion in caseload increases supporting health and human services programs, and other expenditures of approximately \$6 billion (the majority in response to COVID) will result in an overall budget deficit of approximately \$54.3 billion, of which \$13.4 billion occurs in the current year and \$40.9 billion is in the budget year.

- This overall deficit is equal to nearly 37 percent of General Fund spending authorized in the 2019 Budget Act.
- This is also nearly three and one half times the revised balance in the Rainy Day Fund (\$16 billion).

While the COVID-19 Recession is causing an unprecedented loss of jobs and income, the projected deficit as a percent of General Fund spending is modestly smaller than the budget deficits faced by the state in 2003 and in 2009. This is due largely to the state's prudent fiscal management and strong economic recovery since 2011.

FOR IMMEDIATE RELEASE

Cities Seek State and Federal Assistance to Address COVID-19 Fiscal Impacts

New study shows 90 percent of cities to cut staff and/or decrease services without aid

Sacramento – California cities face severe revenue shortfalls and increased emergency costs due to the impact of the COVID-19 pandemic. Nine out of 10 cities project that these shortfalls will lead to service cuts or furloughs and layoffs, and nearly 3 in 4 cities report they may take both actions.

These findings are part of a new League of California Cities analysis of several data sources, including local government projections and annual reports provided by the State Controller and the California Department of Tax and Fee Administration. California cities are projecting a nearly \$7 billion general revenue shortfall over the next two fiscal years, and the shortfall will grow by billions of dollars if COVID-19 stay-at-home orders extend into the summer months and beyond.

"In every city and every town in California, local leaders are working to protect the health and safety of residents and the financial viability of local businesses impacted by the coronavirus outbreak. As emergency costs continue to grow, city revenues to fund local services are plummeting," said Mayor of the Town of Yountville and the League of California Cities President John F. Dunbar. "All of our cities are experiencing revenue shortfalls and increased expenses due to the COVID-19 pandemic. Now, more than ever, we need federal and state resources to help local governments manage the health and financial impacts our communities are experiencing throughout our state."

Cities project that these shortfalls will impact core city services, including police, fire service, emergency management, and planning and housing, and a majority of the cities surveyed anticipate lay-offs or furloughs, which will further impact core city services for residents, as well as the employees. Police services will be adversely affected in 8 out of 10 cities, with a similar number of cities reporting projected cuts to parks and recreation services.

A decline in sales tax revenue is responsible for up to 57 percent of the shortfall; 27 percent is attributed to the decline in transient (hotel) occupancy tax (TOT) revenue; and additional losses are attributed to declines in revenues including business taxes and license fees, parking and admissions taxes and fees, and property transfer taxes.

Cities are incurring significant unbudgeted costs on critical services to prevent further spread of COVID-19. This includes disinfecting and sanitizing public facilities, purchasing personal protective equipment, increasing public safety costs, and financial support programs for residents and small businesses.

"Since the beginning of this crisis, cities have stepped up to protect and serve their communities, taking actions that have saved lives and served as a model for the country," said League of California Cities Executive Director Carolyn Coleman. "Now is the time for the state and the federal government to step up to ensure all cities can continue to protect their communities from this pandemic and lead the local recovery from its devastating economic impacts."

Given current and projected revenue shortfalls and disrupted cash flow, all California cities, regardless of population, urgently need funding to continue to fight COVID-19 and protect residents through the summer months and beyond. In letters sent today to Gov. Gavin Newsom and legislators, the League asked the state to help California local governments and establish a fund, supported by any eligible funding sources, to help all California cities address the nearly \$7 billion dollar revenue shortfall due to the COVID-19 emergency and the recovery of our local economies.

The League also requested that the state set aside an allocation of the state's CARES Act funding for cities with populations under 500,000 to help offset the unanticipated expenses related to COVID-19. Under the CARES Act, California is eligible to claim \$15.3 billion for state and local governments with populations over 500,000 to compensate for COVID-19-related expenses.

Only six of California's 482 cities meet that threshold and are eligible for this direct assistance. However, all of California's cities, regardless of population, are on the frontlines of this pandemic and incurring unanticipated and extraordinary expenses. By setting aside a portion of the state's share, these cities would be able to preserve as much general fund revenue as possible to fund core services for our residents.

Throughout this pandemic, cities have been committed to helping residents stay safe and in their homes, delivering emergency services, and supporting their local businesses and community organizations. In order to continue supporting their communities, cities need financial assistance to ensure they can continue to respond to, and recover from, this global health crisis.

Established in 1898, the League of California Cities is a nonprofit statewide association that advocates for cities with the state and federal governments and provides education and training services to elected and appointed city officials.
